

Int. Appl. No. : PCT/EP2003/10125  
Int. Filing Date : September 11, 2003

## **AMENDMENTS TO THE SPECIFICATION**

**Please add the following paragraph on page 1 of the English translation of the Specification, immediately after the Title of the Invention:**

### Related Applications

This application is a U.S. National Phase of an International Application No.: PCT/EP2003/010125, filed September 11, 2003, designating the U.S. and published in German on June 3, 2004 as WO 2004/045845, which claims the benefit of German Patent Application No.: 102 53 395.4, filed November 15, 2002, and German Patent Application No.: 102 60695.1, filed December 23, 2002.

**Please replace the header "Description" on page 1, line 5 of the English translation of the Specification with the following header:**

### Field of the Invention

**Please add the following header on page 1, line 10 of the English translation of the Specification:**

### Description of the Related Art

**Please add the following header on page 2, line 3 of the English translation of the Specification:**

### Summary of the Invention

**Please add the following header on page 8, line 3 of the English translation of the Specification:**

### Brief Description of the Drawings

**Please add the following header on page 8, line 6 of the English translation of the Specification:**

### Detailed Description of the Preferred Embodiment

**Please replace the header "Patent claims" on page 10, line 5 of the English translation of the Specification with the following header:**

### WHAT IS CLAIMED IS:

**Please add an Abstract provided herewith as the last page of the Specification.**
